

Thank you for taking our quick quiz to help you find your path to success and what Fixters products and services best suit you.

Fixters Report Summary

You are nearly ready to flip homes with Fixters.com. Your credit score is higher than 630, which is usually the minimum credit score to qualify for a fair rate loans. You also have some liquid capital saved, but may need to secure a bit more cash or you can use Fixters Capital Bridge Funding to help add to your savings which may be required for down payment purposes on your property.

The most common roadblock you will encounter is your experience. To secure the best lending and to make the highest possible profit on your real estate investments, we suggest you attend the Fixters Academy and gain experience through education. In addition, you selected that you will probably not be investing for more than 12 months. This is another reason we suggest taking the Fixters Academy now. It gives you time to learn and gain that experience you need to be successful.

Is The Fixters Academy Right For You?

✓ I am NEW to real estate investing & house flipping

Learning the fundamentals is crucial. With so much inconsistent information floating around, it is not easy to take that first step by yourself.

Our Education Academy caters to first time investors who are looking for help to get their investing and business started the right way.

✓ I am a NOVICE, but I am already house flipping & investing

Going it alone flipping houses can be hard work, and learning by trial and error can be slow and expensive. TV shows are not a good guide.

Our Education Academy enables you to learn new skills and implement them immediately to your success and profit.
